SUMMARY

Creative UI Developer with 6 years 10 months experience, facilitating and supporting human interactions with complex system and software. Maintains user-centric designs while adhering to prescribed interface principals and related development goals. Dedicated to creating interfaces for everything from simple open-source applications to complex proprietary systems.

EXPERIENCE

Junior Front-End Developer

Miracle Software Systems

📅 12/2018 - 02/2021   📍 Visakhapatnam

- Migration of old UI to Angular UI for a Logistic/Transport company
- Understanding the user stories and analyzing the technical tasks assigned
- As a front end developer I build responsive web design to meet the client requirements and involved in implementing client side scripting
- Developing structure and view of the application using angular framework and discuss with the client for optimal design options.
- Worked extensively with Angular CLI for creating components, services, pipes and Directives.

Front End Developer

Miracle Software Systems

📅 02/2021 - 07/2023   📍 Visakhapatnam

- Global UI Rebuild for a Logistic Company.
- This project contains three modules - Dispatch Portal, Campaign UI, Agent Dashboard.
- Each have their respective navigations.
- Involved in Scrum based environments.
- SSO Integration with Azure AD

Front End Developer

Miracle Software Systems

📅 08/2023 - 09/2024   📍 Visakhapatnam

- UI development for a Refugee Application.
- This client provides digital solution for refugees in any country to have access to their agent.
- Used ANT-D to create RWD for different screen sizes and pixels according to wireframes provided.
- NGRX state management for easy code management.

Lead Front End Developer

Miracle Software Systems

📅 10/2024 - 11/2025   📍 Visakhapatnam

- This Project deals with Contactless Inbound Outbound.
- Implemented real-time communication using Web Sockets to enable chat functionality between drivers, back-office admins, and supervisors.
- Integrated QR code scanning for check-in, appointment validation, and dock gate assignments.
- Developed responsive UI components to ensure smooth navigation and multilingual support.

EDUCATION

SSC

Visakha Tutorial High School

📅 01/1998 - 01/2010   📍 Visakhapatnam.

Intermediate
